WILD TERRAIN - BLOCK 9 PINOT NOIR 2018

Wild Terrain Pinot Noir, also known as the untamed sibling, represents the most extreme and varied topography of the Pinot Noir blocks from steep slopes exposed to the wind, to sun-drenched, flatter plains over loamy sand. Significant South-Western exposure reveals a wild complexity, at once handsome and delicately pretty, savoury and boldly free.

HARVEST

DATE:	September 17, 2018
-------	--------------------

VITICULTURE

- Manual thinning is practiced in the vineyard to reduce the crop yield and produce a more concentrated and higher quality grape.

VINIFICATION

- All fruit was hand harvested, de-stemmed and lightly crushed into open-top fermentation tanks.
- During the 14-18 days maceration period, light pump-overs were practiced, with cautious 'Pigeage' occurring during the peak of fermentation.
- 100% of the vintage was fermented with wild yeast native to the vineyard, in order to better express the terroir of the estate.
- At the end of fermentation, the wine was drained to tank and the remaining pomace was gently pressed.
- The wine was settled for 3-7 days and decanted into new to 4th-fill 228L French oak barrels.
- Malolactic fermentation (the natural process of converting malic acid to CO2 and lactic acid by bacteria) occurred naturally in spring 2019.
- Gentle barrel-to-barrel racking was done to allow the wine to age on its fine lees, contributing to layers of richness and complexity.
